

Bilge, Grey & Black Water Treatment

Technical Data Sheet

Publication date: March 9th 2021

Applications:

Bilge, Grey & Black Water Treatment is an enzyme-based product that converts contaminants in bilge, grey and black water tanks and prevents odours.

The enzymes convert faecal matter and other contaminants in the tank, enabling the odour-free contents to be discharged safely. Can also be used during the winter to prevent odours from forming in boats. Does not affect hoses and rubber. 100% biodegradable.

Instructions for use:

1. For black water, add 1 to 2 litres to a clean tank per 1000 litres volume. For grey water, add max. 1 litre to a clean tank. For bilge cleaning, 1 litre, as required.
2. If the tank is already full of contaminated water, a shock treatment may be required.
3. Increase the maximum dosage by 100% and conversion will have completed after 24 hours (depending on conditions).

Product usage:

For black water, add 1 to 2 litres to a clean tank per 1000 litres volume. For grey water, add max. 1 litre to a clean tank. For bilge cleaning, 1 litre, as required.

Considerations during application:

Always place a reference test on the to be treated surfaces in order to determine both adhesion and the technical and aesthetic result.

Specifications:

Appearance:	Liquid
Color:	Blue
Scent:	Light
pH:	7
Degradability:	Biologically optimal

Hazard symbols and H & P statements (CLP):

GHS07
Warning

H-Phrases: H319 - Causes serious eye irritation.

P-Phrases: P264 - Wash hands thoroughly after handling.

P280 - Wear protective gloves, protective clothing.

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+P313 - If eye irritation persists: Get medical advice/attention.

Packaging and industrial waste:

Treat as industrial waste in accordance with the applicable regulations. Collect process water in accordance with the applicable local regulations.

This information is based on laboratory tests and practical experience. **For application and use, please adhere strictly to the descriptions in the technical product information sheets and MSDS sheets.** We do not accept any liability for any advice provided by us. The application, use and handling of the products are the sole responsibility of the user. All our documents and texts have been prepared to the best of our knowledge, language and translation errors are expressly excluded and can never lead to any liability.

Bilge, Grey & Black Water Treatment is part of the Impressed Pro® Marine product range, developed to clean and preserve all types of all common surfaces and materials on and around boats and/or ships. For specific questions and applications, as well as for the up-to-date TDS and MSDS sheets, please visit our website www.impressedpro.com or contact your distributor and / or technical advisor.
