

Gelcoat Detailer Spray

Technical Data Sheet

Applications:

Gelcoat Detailer Spray is a completely new synthetic gloss enhancer based on hydrophobic polymer technology. This creates a high surface tension and allows the water to run off the surface.

Gelcoat Detailer Spray is an easy, safe detailer for cleaning, adding shine and protecting the surface. Gelcoat Detailer Spray is also a fantastic cleaner/sealant for glass, hard interior, uncoated and waxed surfaces.

Instructions for use:

1. Ensure sufficient ventilation.
2. Spray a small amount on the surface or indirectly on a clean (microfibre) cloth.
3. Apply the product to the surface or use a microfibre cloth to distribute it.
4. Allow the product to form molecular cross-links for approximately 1 minute, then use a (clean) cloth to lightly rub it out.
5. Repeat the treatment where necessary.

Product usage:

Depending on the surface porosity, coverage can vary between approximately 30-50 m² per litre.

The above usage is indicative and should be determined by first applying to a small test area.

Considerations during application:

Always place a reference test on the to be treated surfaces in order to determine both adhesion and the technical and aesthetic result.

Specifications:

Appearance:	Gas/Aerosol
Color:	Colorless
Scent:	Characteristic
Flammability:	Flammable aerosol
Explosive properties:	Container can burst under pressure due to heating.

Packaging and industrial waste:

Treat as industrial waste in accordance with the applicable regulations. Collect process water in accordance with the applicable local regulations.

Hazard symbols and H & P statements (CLP):

GHS02
Danger

GHS07

H-Phrases: H222 - Extremely flammable aerosol.

H229 - Pressurised container: May burst if heated.

H319 - Causes serious eye irritation.

H336 - May cause drowsiness or dizziness.

P-Phrases: P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

P211 - Do not spray on an open flame or other ignition source.

P251 - Do not pierce or burn, even after use.

P261 - Avoid breathing spray, vapours, mist, gas, fume, dust.

P271 - Use only outdoors or in a well-ventilated area.

P280 - Wear protective gloves, eye protection.

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P410+P412 - Protect from sunlight. Do not expose to temperatures exceeding 122 °F, 50 °C.

This information is based on laboratory tests and practical experience. **For application and use, please adhere strictly to the descriptions in the technical product information sheets and MSDS sheets.** We do not accept any liability for any advice provided by us. The application, use and handling of the products are the sole responsibility of the user. All our documents and texts have been prepared to the best of our knowledge, language and translation errors are expressly excluded and can never lead to any liability.

Gelcoat Detailer Spray is part of the Impressed Pro[®] Marine product range, developed to clean and preserve all types of all common surfaces and materials on and around boats and/or ships. For specific questions and applications, as well as for the up-to-date TDS and MSDS sheets, please visit our website www.impressedpro.com or contact your distributor and / or technical advisor.
