

Surface Cleaner Wipes

Technical Data Sheet

Applications:

Surface Cleaner Wipes are wear-resistant wipes that are ideally suited as pre-treatment for a surface to be treated with Marine Coat or Gelcoat Premium Protector. Surface Cleaner Wipes degrease the surface and remove possible cleaning agent residues that may have a strong adverse effect on the preservation system to be applied.

Instructions for use:

1. Clean the surface to be treated using Hull Cleaner Hard, Hull & Deck Cleaner Pro, Deep Clean or a combination thereof.
2. Wipe the dry surface to be treated with a Surface Cleaner Wipe and let the product evaporate and dry completely (time depends on the temperature and relative humidity).
3. It can then be determined via a top-drop test whether the surface is ready for preservation. If the test is negative, the surface should be cleaned again.

Product usage:

Depending on the technical maintenance condition and porosity of the substrate, the theoretical yield is in average 40-50 m² p/ bucket (100 wipes).

The above usage is indicative and should be determined by first applying to a small test area.

Considerations during application:

Always place a reference test on the to be treated surfaces in order to determine both adhesion and the technical and aesthetic result.

Specifications:

Appearance:	Geabsorbeerde vloeistof op een inerte drager
Color:	Colorless (liquid)/white (wipes)
Scent:	Characteristic

Hazard symbols and H & P statements (CLP):

H-Phrases: H225 - Highly flammable liquid and vapour.

H319 - Causes serious eye irritation.

H336 - May cause drowsiness or dizziness.

P-Phrases: P210 - Keep away from heat, open flames, hot surfaces, sparks.
No smoking.

P233 - Keep container tightly closed.

P280 - Wear protective gloves, protective clothing, face protection, eye protection.

P312 - Call a doctor, a POISON CENTER if you feel unwell.

P337+P313 - If eye irritation persists: Get medical advice/attention.

P403+P233 - Store in a well-ventilated place. Keep container tightly closed.

Packaging and industrial waste:

Treat as industrial waste in accordance with the applicable regulations. Collect process water in accordance with the applicable local regulations.

This information is based on laboratory tests and practical experience.

For application and use, please adhere strictly to the descriptions in the technical product information sheets and MSDS sheets. We do not accept any liability for any advice provided by us. The application, use and handling of the products are the sole responsibility of the user. All our documents and texts have been prepared to the best of our knowledge, language and translation errors are expressly excluded and can never lead to any liability.

Surface Cleaner Wipes is part of the Impressed Pro® Marine product range, developed to clean and preserve all types of all common surfaces and materials on and around boats and/or ships. For specific questions and applications, as well as for the up-to-date TDS and MSDS sheets, please visit our website www.impressedpro.com or contact your distributor and / or technical advisor.
